

# Middle School, Wiesbaden

All-day school in Hesse

# Middle School, Wiesbaden

## Facts and Figures

The Middle School Wiesbaden is located on the Hainerberg site and offers space for 540 students. The associated outdoor facilities include a pathway and street layout, a bus station and parking spaces. The one- and two-story building consists of a central core structure and four wings attached to the sides.

Furthermore, the school contains a cafeteria and an event area, an art and music area and a gymnasium. The all-day school was planned according to the so-called „21st Century School Concept“ as the first such school in Europe.
